

New media

The CX-02S model is an enhanced version of CX-02, designed to cope with the rigours of printing self-adhesive media (sticker media). The adhesive media has been designed to adhere to most substrates with minimal rippling (trapped air), so it's great for a multitude of different applications including; school year books, scrapbooks, wall stickers etc

A new level of quality and portability

When quality and portability are critical requirements for your photo printer, look no further than the Citizen CX-02S. The CX-02S joins Citizen's highly regarded CX printer range, offering new levels of quality, portability and compactness.

Applications

- Event Photography
- Kiosk
- Retail
- Photo Party Booths
