Wide format dye-sub printing

The latest model to join the Citizen CX-02 family is the wide format 8in (20cm) model, the CX-02W. The CX-02W is able to print both 8x10" and 8x12".

New media

Premium medias are available for this model; silver pearl and metallic. When offering premium media photographers are able to differentiate their service and increase their revenue.

A new level of quality and portability

The CX-02W is only a little wider and heavier than the CX-02, so retains the portability of the CX-02 range.
